

**Seilesh Babu, MD**, is a board-certified neurotologist and skull base surgeon specializing in the medical and surgical treatment of ear and skull base disorders in both adults and children. His clinical expertise includes hearing loss, chronic ear disease, dizziness and balance disorders, facial nerve disorders, cochlear implantation, and acoustic neuromas.

Dr. Babu completed his combined undergraduate and medical education at the University of Akron and Northeastern Ohio Universities College of Medicine. He completed his otolaryngology residency at Henry Ford Health System, followed by a fellowship in neurotology, and skull base surgery at the Michigan Ear Institute.

He currently serves as President and Senior Partner at the Michigan Ear Institute and holds academic appointments at Wayne State University and Oakland University William Beaumont School of Medicine. He serves as Program Director for the Henry Ford–Warren Hospital Otolaryngology Residency Program, where he is deeply involved in resident education and mentorship.

Dr. Babu is a past president and current board member of the Michigan Otolaryngology Society and an active member of the American Academy of Otolaryngology–Head and Neck Surgery, the American Neurotology Society, and the Triological Society. He is a nationally recognized speaker and collaborates with industry partners on the development of surgical instruments and technologies.

An active clinical researcher, Dr. Babu has authored more than 140 peer-reviewed publications, over 20 book chapters, and co-edited three textbooks in otology and neurotology. He also serves as a reviewer and editorial board member for leading otolaryngology journals.

Seilesh has been married for 25 years to his beautiful wife, Abbey, and together they have four children who keep them busy and humble!
